

## 4.3 List the main challenges faced by your clinic in terms of the provision of legal services?

ID	Law Clinic	Main challenges in terms of legal aid provision
1	UKZN Law Clinic Durban	Finance shortages meant we have less experienced attorneys than we'd like. A lack of funds has also meant we no longer have a working Law Clinic car or sufficient finance to do as much outreach work as we'd like.
2	Univen Law Clinic	Presently we have six (6) candidate attorneys and one professional assistant. We are allocated one vehicle for attending court cases and it becomes a problem when we have more than one case in different courts. We sometimes struggle to get our documents typed in that we don't have printers and photocopier machine.
3	Nelson Mandela Metropolitan University Law Clinic	Should the DOJ-Project not continue and, consequently, there will be no candidate attorneys anymore, the Clinic will be confronted with a workload that will be impossible to handle.
4	North West University Community Law Centre	<ol style="list-style-type: none"> <li>1. Rotation/turnover of staff.</li> <li>2. Financial constraints</li> <li>3. Contact with clients.</li> </ol>
5	Rhodes University Legal Aid Clinic	<ol style="list-style-type: none"> <li>1. Finding an appropriate balance between the legal practice, CLE and access to justice projects</li> <li>2. Ensuring that every matter is professionally handled</li> <li>3. High staff turnover of professional staff</li> <li>4. Lack of funding for medical reports and expert witnesses in delictual actions</li> <li>5. Access to High Court litigation</li> </ol>
6	UCT Law Clinic	<p>Only 4 attorneys of which two are halfday appointments. No candidate attorneys. All final year students must do 80 hours at the law clinic – very little time for impact litigation. Financially uncertain where our budget will come from in future.</p>
8	University of Limpopo Campus Law Clinic	We are situated about 30km from Polokwane. It is not easy for people. From other parts to reach us. travelling expenses remain a key challenge for our clinic.
9	Centre for Community Law and Development (CCLD)	Budgetary constraints – Running costs, telephone, travelling etc
10	University of Pretoria Law Clinic	Demand still outstrips means.
11	UWC Legal Aid Clinic	Funding, sustainability, expertise.
12	Wits Law Clinic	Well, matters sometimes need to be refused owing to funding limitations.
13	Legal Aid Clinic - Stellenbosch University	Financial sustainability
14	UFS Law Clinic	Funding for running costs.
